www.modern-atlanta.org

Modern Atlanta (MA10) “Design Is Human” is a week-long citywide program which focuses on modern design excellence in many areas of life: architecture, communication art, fashion, interior design, visual arts, and social responsibility. **MA10** ranges from an opening night reception to a multi-layered fundraiser party for CARE, along with lectures, unique activities, and visual art experiences at Atlanta’s High Museum of Art. Again this year, during the weekend of June 5 & 6, **MA10** presents a **TOUR** of selected **MODERN HOMES** throughout Atlanta.
